

PRATAPGAD AGRO PVT. LTD

शेतीचा विकास हाच शेतकऱ्यांचा विकास

Vision

—

To be a trusted agriculture company approach in agriculture input, services, product distribution, consultancy and agriculture solutions provider by educating farmers on minimizing their cost of cultivation without compromising on quality & yield through maximum utilization of available farming resources.

To increase the productivity of farmland & farmers by providing individual guidance to the farmers for individual farming, to be one of the India's leading fresh fruits and vegetables growing company.

To provide quality agri-inputs and timely services to farmers.

To improve the lifestyle & economic scalability of farmers.

To make those farmers prosper, who actually does farming.

Mission

Profile

Pratapgad Agro Pvt. Ltd is an Agro Retail Company. Under the umbrella of services, company provides agronomic services including soil testing, crop inspection, weather forecasts and advisory services on farm credit, crop loan, life insurance and medical Insurance etc.

The company is pioneered in growing quality fresh produce and supplying to the market through its vast network and has diversified itself in the line of Contract farming for Horticulture products as well as Indian and Exotic vegetables.

Serves farmers by facilitating all their agricultural needs and provides seedlings and free agricultural consultancy services ranging from sowing to harvesting of crops.

Our Business – Indian & Exotic Vegetables

Pratapgad Agro Centre serves as a hub to disseminate knowledge to partner farmers and the on-going knowledge and best practice sharing has benefited the farmers in not only increasing their yield per acre through optimum utilization of resources, but has increased the number of crop cycles on the land considerably, reaping richer harvest.

It also deals in importing of International quality fruits like Apple, Pear, Grapes, Oranges and Kiwi etc. from International Market to complete the fruit basket round the year.
